# **PSYCHO-PEDAGOGICAL QUESTIONNAIRES FOR TEACHING**

**ISPEF Psycho-pedagogical Questionnaires for teaching** are educational tools that help to understand:

- the **educational dynamics** that are acting within the interaction teaching / learning;
- the **professional knowledge** and **values** of every teacher,
- the **training needs** and **motivations aptitude** of the students.

**ISPEF Psycho-pedagogical Questionnaires** that analyze, develop and evaluate educational dimensions, are:

**1) CSI QUESTIONNAIRE -**  
*Questionnaire of School Culture of Teachers*

**2) IPI QUESTIONNAIRE -**  
*Psychological Interaction in Teaching*

**3) QuAE QUESTIONNAIRE -**  
*Questionnaire of Educational Attitudes*

**4) QuOSL SCHOOL QUESTIONNAIRE -**  
*Questionnaire for Quality  
of Scholastic Culture and Career Guidance*

**ISPEF Psycho-pedagogical Questionnaires** for teaching, used together, allow to develop a clear, effective and complete Educational Science's training project, to promote, stimulate and develop the career choices of both teachers and students. Is recommended to use the 4 questionnaires as exchange and discussion educational proposal among teachers, in fact, the information in their questions allows to develop skills and educational methods to understand the attitudes,

motivations, skills and psychological interactions between teacher and students, and to clearly identify the training program to implement in the classroom.
