The Standard CEIF:

The Standard CEIF is the product of studies, research and psychological-educational and education testing, in the field of the infancy and families in Italy, Europe and Latin America and of professional experience accumulated and developed by I.S.P.E.F. by the year 1970 in various Italian communities, which give a solid cultural and scientific basis to the Standard for good practices in child and family education, in the Educational Institutions operating in the XXI century..

The Standard CEIF:

The Standard CEIF is illustrated in the website:

www.ajaeurope.eu/ceif.html

The Model of Excellence CEIF :

Along with the standard CEIF, I.S.P.E.F. has developed an additional standard with the aim of realizing the desire of the Institution for the Infancy and Families who want to stand out for the high level of the training they provide and for the virtuous improvement of their organizational structure.

It was thus released the Model of Excellence of the Standard CEIF - Certification Education Infancy and Families

Figures involved:

The Figures responsible for the implementation and regulation of the Standard CEIF, in close partnership, are:

- The Standardization Institute I.S.P.E.F., for a cultural and scientific guarantee at international level,
- AJA Group as an international guarantee in the management of the Certification,
- E.C.E. - European Center of Education as a guarantee of advanced international training for the qualification and specialization of Experts, Assessors and Managers against the Standard.

Purposes of the Standard :

The Standard CEIF and the Model of Excellence CEIF provide the necessary structure to the Institutions for the Infancy and Families pursuing its educational and social purposes and making feasible what determined by the INTERNATIONAL BILL OF RIGHTS OF THE CHILD, ratified by 193 nations:

“The child is an autonomous entity with inalienable educational rights to life, education, learning and respect of individual, ethnic, linguistic, cultural and religious identity, which underpins the promotion of a new quality of life and a new acquisition of socio-cultural identity as a citizen active and participant in the socio-cultural changes.”

Purposes of the Standard:

The Standard CEIF and the Model of Excellence CEIF are instruments for:

- improving the QUALITY OF LIFE of the infancy and families;
- building an EDUCATING COMMUNITY in the educational context;
- sharing training experiences with the child, the families and the teachers
